## GOLDEN EAGLE CELEBRATES 30 YEARS!!!

30 YEAR MILESTONE CELEBRATED OCTOBER 6, 2008

On October 6, 2008, Golden Eagle Extrusions, Inc. celebrated 30 years of packaging success. What an amazing milestone for a company that started from such humble beginnings, growing to a multi-million dollar corporation, serving numerous customers stateside as well as internationally.

The foundation of Golden Eagle's success has always been simple and consistent. Producing the highest quality films at competitive prices and providing unmatched customer service. We pride ourselves in going the extra mile for our customers and sincerely value our relationships and appreciate the trust they place with us everyday as their preferred packaging supplier.

This anniversary milestone is a testament to Paul Eagle, who founded Golden Eagle 30 years ago and serves as Chairman of the corporation today. Under his vision and leadership, Golden Eagle has become one of the most respected flexible packaging companies in the industry, always on the cutting edge of new technology.

Paul's "customer first" attitude has served him well in his companies ascent to the top. Congratulations to Paul Eagle and all the employees at Golden Eagle Extrusions, Inc. Most importantly, thank you to our customers who have made our success a reality. We look forward to continuing all the great relationships we have forged over the years, and hope to form many, many more.

### From The Chairman...

30 years - WOW!!! I appreciate you the customer, who have been so loyal to Golden Eagle through all these years. All the people at Golden Eagle have made our business what it is, thanks to your orders for our quality food packaging products. It has been exciting and rewarding to see the growth of the fresh-cut vegetable and fruit markets. In addition, we are expanding our lines to include products for meat, cheese, etc. and taking our film technologies to new and exciting boundaries. A sincere *Thank You* to you all! Have a happy holiday season.  
Paul Eagle, Chairman  
Golden Eagle Extrusions, Inc.

# NEW PRODUCT SHOWCASE

## SEALFLEX™ SILVER BARRIER SHRINK BAGS

Golden Eagle is proud to offer our new line of hot water, cook-in shrink bags. Our SEALFLEX™ SILVER Barrier Bags provide excellent clarity, tremendous shrink capabilities and puncture resistance for bone-in meat applications.

SEALFLEX™ SILVER Barrier Bags enhance your product's appearance by utilizing monolayer film technology that combines nylon and polyolefin resins to produce a high quality and puncture resistant shrink bag. The low oxygen and moisture transmission rates of SEALFLEX™ SILVER Barrier Bags help extend product shelf-life and the revolutionary design provides a high level of visual appeal.

SEALFLEX™ SILVER Barrier Bags function in all sealing styles (end, side or modified arc) and they provide an effective final package when properly evacuated and sealed. For better customer appeal, SEALFLEX™ SILVER Barrier Bags can be printed in-line, up to 8 colors. Give us a call today for a free sample or a price quotation.

## DUAL-OVENABLE & SPECIALTY LIDDING FILMS

### DUAL-OVENABLE LIDDING

Ideally suited for all your dual-ovenable applications, this film is perfect for the packaging of your frozen foods, prepared meals or any application that needs to be heated in an oven or microwave. Excellent clarity, customized peelability and superb heat resistance are just some of the wonderful attributes of this film. With the ability to seal to CPET, APET, PP, PS, PVC, PE or paperboard, we are sure to have a film that is right for you. Available in a variety of thicknesses, ranging from 50 gauge - 2.6 mil.

### SPECIALTY LIDDING FILMS

Golden Eagle's specialty line of lidding films are ideally suited for virtually all types of trays and cups. Available in clear, white, metalized and also in retortable form, these films can be sealed to CPET, APET, PP, PS, PVC or paperboard substrates. Perfect for dairy products, industrial applications or any application where reheating is not necessary. These films are also available with customized peelability levels; featuring Easy Peel, Medium Peel, Hard Peel or Weld Seals.

### HIGH-BARRIER LIDDING FILMS

Designed for the products you need to keep safe from harmful bacteria and oxygen to improve shelf-life. Golden Eagle's high barrier lidding films are made for use on ready-made trays as well as top-webs on all thermoform-fill-seal (TFFS) lines. This series of films can be matched with different substrate types including CPET, APET, PE, PP and PVC. Available in numerous thicknesses.

### BREATHABLE LIDDING FILMS

Ideally suited to extend the shelf-life of your fresh-cut produce, by properly controlling the release of CO<sup>2</sup> and the entry of O<sup>2</sup> into the package. Designed to weld seal to PP and PE tray substrates, these films are perfect for the packaging of fresh-cut tomatoes and onions. Always in stock and always available for custom slitting.

## JUST ASK... WE PROBABLY HAVE IT!

Golden Eagle offers many different items that you may not know of. Not only do we sell films and bags for the fresh-cut produce, meat, cheese, frozen foods, bakery and industrial markets, we also offer products for many additional industries. ## INTRODUCING..... DORA WEIS

Golden Eagle would like to extend a formal welcome to Dora Weis. Dora joined the Golden Eagle team on November 1, 2007, as a sales and marketing representative.

Dora is responsible for new business sales with a focus on selling the existing product line from our main warehouse facility, located in Cincinnati, Ohio. Other areas of concentration for Dora include our new line of specialty and dual-ovenable lidding films, Sealfex™ Silver barrier shrink bags and vacuum pouches. She also assists with various marketing functions for the company. Dora comes to Golden Eagle with a strong background in new business sales and management. Dora graduated from Indiana University in Bloomington, Indiana, where she earned a Bachelor of Arts in Telecommunications, with minors in Business and Sociology.

## PACKAGING CUSTOMIZED JUST FOR YOU!

Here at Golden Eagle, we would like to make sure you get what you want. That's why we are a true custom supplier of just about any type of flexible packaging on your wish list. Whether it be for the food industry, an industrial application or a specialty project you are working on, give us a call to discuss. Unlike most custom houses, we strive to work with our customers and potential customers on projects big or small, no matter how unique your application may be. With capabilities such as multiple 3 and 9-layer coextrusion lines, numerous lamination lines, hot needle and laser micro-perforation and anti-fog additives, we can deliver on just about anything. We also offer multiple configurations and specialty bags, such as stand-up pouches, shaped pouches, zippered pouches, as well as multiple reclosable solutions.
